

RoHS 3 Compliance of our Products (following and including RoHS2)

We herewith confirm that the products sold and distributed by us apply to be conform to EU Regulation 2015/863/EU, (**RoHS 3 conformity**) which is following to the EU Regulation 2011/65/EU (RoHS 2) and this follows the EC Directive 2002/95/EC adopted by the electrical equipment act (ElectroG) into national law in July 2016.

The RoHS 3 Substances listed below are not allowed to have a concentration of more than 0.1 % by weight percentage and not more than 0.01 % for Cadmium (Cd) and are by definition the following:

- 0,1 % Blei (Pb) – Lead
- 0,01 % Cadmium (Cd)
- 0,1 % Sechswertiges Chrom (CR VI) hexavalent Chrome
- 0,1 % Polybromiertes Biphenyl (PBB)
- 0,1 % Polybromiertes Diphenylether (PBDE)
- 0,1 % Di(2-ethylhexyl)phthalat (DEHP)
- 0,1 % Butylbenzylphthalat (BBP)
- 0,1 % Dibutylphthalat (DBP)
- 0,1 % Diisobutylphthalat (DIBP)
- 0,1 % Quecksilber (Hg) - Mercury

All our products are RoHS 3 compliant products and are marked “RoHS compliant“ / “RoHS conform“ on the data sheet/product drawing or they show the RoHS sign (RoHS in letters with green hook).
